

'DEFINING THE FUTURE IN MANUFACTURING'

Capability Statement

Quality Controlled Manufacturing Inc. ("QCMi") specializes in the precision machining of complex components and assemblies in all metals, including exotic alloys, utilizing Six Sigma Methodology and lean manufacturing principles. As a veteran-owned small business established in 1978, QCMi is an award-winning manufacturer serving customers in the aerospace, power generation, Department of Defense (DOD), oil and gas, marine, and heavy equipment industries.

Core Competencies

- CNC Turning & Milling
- Precision Grinding
- Conventional Machining & Grinding
- Inspection
- Non-destructive Testing (NDT)
- Next Higher Assembly(NHA)
- Supply Chain Management

Technology

- WFL Mill Turn M50 3000
- Studer 3-axis S41 CNC grinder
- Master Cam
- SPC monitor/control key processes

Industry Certifications

- DNV ISO9001
- ITAR Registered
- Nadcap accredited
- AS9100 Rev D
- BBB Accredited, A+ Rating

Business Details

- Unique Entity ID: M2DJDQX9SLY7
- Cage Code: 1ERL91
- NAICS Code: 332710
- Owner: William R. "Bob" Grande
- Customer Contact: Rick Urban, COO
